

Welcome to

Future  
gems

# Let me introduce you to Future Gems...

It's a place where your child will instantly feel part of a family.

A studio that cares so deeply for all of its students and goes above and beyond to make them feel special.

A second home where children can learn in a happy, fun and non-competitive environment...

A place where children are clapping and cheering their friends on...

A place where children are safe to be their real, authentic self - whatever that looks like...

Where gratitude, compassion, positivity and courage are all just as important as the technical skills.

This is Future Gems.

It's more than just a dance studio.

**It's a home away from home, where every child is celebrated and recognised.**

*At Future Gems, we welcome all parts of your child and give them the confidence to shine brightly*

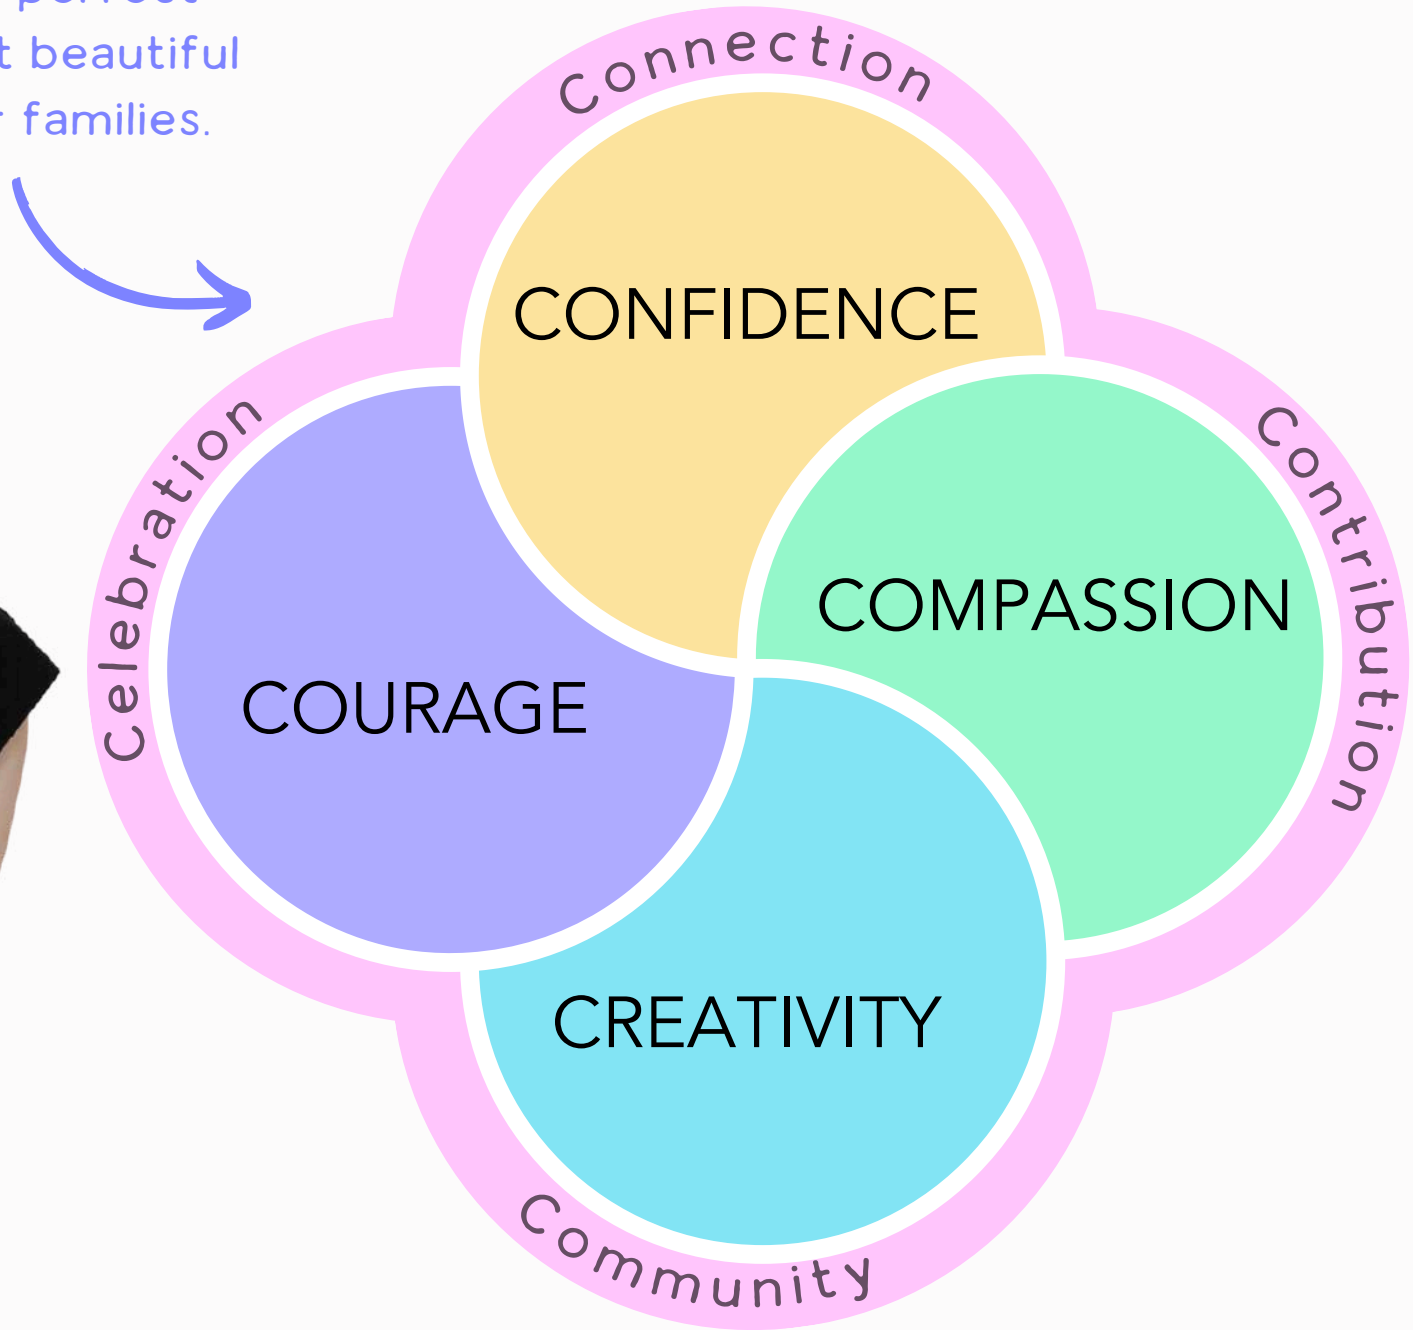

“Our daughter asks nearly every day if she has dance classes, she loves it so much! Miss Tash is so warm and encouraging and we are so thrilled to see our child growing in confidence”

*Alison - mum of Pippa*

The heart of Future Gems lies in each of these elements working in perfect harmony to create the most beautiful experience for each of our families.

# Little moments that have the biggest impact...

Beautifully crafted lessons that are so thoughtfully planned out to ensure that children are not only learning to dance, but also embracing the little life lessons that we instill in them along the way. You'll see, that at Future Gems, it becomes less about the steps the children are learning and more about the people they are becoming.

Starting with our youngest dancers, our aim is to spark joy through **creativity**. To inspire a love of dance that in turn aids them in becoming the most **confident** versions of themselves. From there, we nurture a supportive and caring environment where friendships blossom and **compassion** and kindness is the norm. As they step into our middle school the focus shifts as we empower them to confidently express themselves in the most authentic of ways. All parts of you is welcome and celebrated; and we will reflect back to you, the light you have within yourself. The final piece of the puzzle comes when you can see how remarkable and wonderful you really are and have the **courage** to show up in the world as your shiniest self. Believing in yourself and knowing that you are capable of achieving EVERYTHING that your heart desires.

# Meet Katherine & Willow

*These girls started dancing together when they were mere strangers in our Mini Gems Program, at just 2 years old... Fast forward many years later and these girls are still dancing together, now as very good friends in our Amethyst level at the studio. These girls have grown into kind, thoughtful, funny and wonderful humans who we are so proud to have a part of our community.*

*Here's what Willow's mum had to say on her journey with us....*

“When Willow showed interest in dancing, I found it hard to find a studio that would accept a 2.5 year old into their class. I was lucky enough to find your studio - you welcomed my shy little Willow into her very first class, with open arms! All these years later and Willow's confidence has grown in both dance and life skills. I am so grateful to have found a local dance studio that is approachable, affordable, adapting, CARING and patient.”

YOU, TOO, CAN BE PART OF THIS REMARKABLE JOURNEY & WATCH YOUR CHILD FLOURISH WITH CONFIDENCE FOR YEAR'S TO COME.
